

Product Features

Intuitive Controls

Ergonomic controls include height adjustment, tilt tension, and seat slide.

Lumbar Support

Lumbar support is integrated within Quip's back design. Optional external lumbar also available.

Arm Options

Height-adjustable arms with arm pads adjust side-to-side and front-to-back. Fixed arms and armless options are also available.

Mesh and Upholstery Colors

From playful to traditional and every stop in between, there's a color combination that fits your space.

A wide selection of seating upholsteries is available.

FRAME/BASE COLOR COMBINATIONS
